The words "anticipates," "believes," "estimates," "expects," "plans," and other similar expressions, whether or not related to the Company, are intended to provide estimates or forecasts. There are various important factors beyond the issuer's control that may cause the results actually obtained by the issuer to differ materially from those expressed in statements that include forward-looking expectations. Investors are advised to independently review and analyze the risk factors to which Corporación Actinver, S.A.B. de C.V. is subject, as set out in the annual reports filed with the Mexican Stock Exchange.

# WHO WE ARE

Introduction

A person wearing a blue beanie and a backpack is walking away from the camera across a long suspension bridge. The bridge has a wooden plank deck and green safety netting on the sides. It stretches across a deep, dense forest of tall evergreen trees. In the distance, a small wooden building is visible on a hillside. The overall mood is adventurous and serene.

# FINANCIAL RESULTS

2Q26

# OPERATING REVENUE (MILLION PESOS)

## RESULTS SUMMARY

### ADJUSTED FINANCIAL MARGIN

- Lower treasury, lending, and leasing income due to the rate-cutting cycle.
- Partially offset by the release of reserves resulting from improved portfolio quality.

### NET FEES AND COMMISSIONS

- Growth driven by Asset Management, Trust, Bursanet, Alpha, and Mandates.
- Higher client commercial activity.

### TRADING INCOME

- Recovery in derivatives and money markets.
- Greater contribution from the equities business.
